SCHOOL OF BUSINESS

ALL NAZIS OFF CAMPUS: An open letter to Dean Arthur Cunningham
School of Business
San Francisco State University

It has come to the attention of the Business School Faculty that a virulent Racist, anti-Feminist, and anti-Semite is now employed as an instructor in this Business School. This faculty is surprised not only at the administration's affront to the sensibilities of our academic community, we are outraged at the administration's connivance in concealing this man's identity, and in allowing him to pursue academic work at this institution even after it has been found worthless not only by our own faculty, but also by the University of California and M.I.T.

Kurt Roemer was born under fugitive, German circumstances in Paraguay in 1947, probably in the circle of Josef Mengele himself, certainly as part of the advanced Lebesborn program intended to keep a strain of the Master Race alive and ready to resume their Program of Domination. Placed with a family of German-Americans, he has falsely taken their name of " [redacted] ", and has grown up to help found the White American Bastion. As such, he barely escaped indictment with other members of the Aryan Order when they were tried in San Francisco in 1984. And you let this person teach!!

If the special privileges you extend Roemer/ [redacted] have not exempted him from signing San Francisco State Personnel Form 157, then he is at least guilty of Perjury and, as a Criminal, should be immediately removed from the classroom. That form promises allegiance to the Constitutions of both the State of California and the United States Against All Enemies. Since this man is clearly One Of The Enemies, he deserves to be in jail instead of in front of a class of young people. The prescribed sentence is 1 - 14 years, and we expect it to be carried out!!

Signed; Members of the Business School Faculty
